RESIDENTIAL ACCESSORIES

EXTENSION CORDS

residential accessories

- UL listed.
- Constructed of AWG 14/3 and 12/3 SJTW Cord
- LED Power Indicator – Indicates when the Extension Cord is energized.
- Multiple Outlets – Three “grounded outlets” allows the use of more than one power tool.
- Flexible – Resists stiffening, cracking or splitting under extreme weather conditions ranging from -40°C to 60°C.
- Water Resistant – The Extension Cord’s outer jacket will not absorb water, protects the copper conductors, and safeguards people and property from electrical shock hazards.
- Flame Retardant – The Extension Cord’s outer jacket protects against accidental cord fire.
- Meets all requirements of the 2008 National Electric Code as well as OSHA Standards.
